

## Lockers

Lockers can be made available for Y7& Y8, if required. Students are required to bring a padlock for their own lockers at the beginning of the school year. Good use of lockers can mean students avoid the need to carry around a large number of heavy books and other equipment during the school day. It is important to note that expensive valuables should be left at home. The school cannot be held responsible for the loss of items brought to school by students.
